

# AI for Pair Programming

Jian Gu <[gu@ifi.uzh.ch](mailto:gu@ifi.uzh.ch)> Carol V. Alexandru <[alexandru@ifi.uzh.ch](mailto:alexandru@ifi.uzh.ch)>

How to assist software developers in programming?

Build a **code intelligence system**! (GitHub Copilot, TabNine)

After the project, your deliverable is an editor extension, a code intelligence system, and even a novel neural model !!!

If you (two) are:

- passionate about AI
- skilled at programming (JS, Python)
- familiar with deep learning (PyTorch)
- happy in studying papers and projects

**Just contact us without any hesitation!**
